BARBARA E. DORF, D.C. CHIROPRACTOR

Dr. Barbara Dorf has been a chiropractic physician for 38 years and has lived in Kingman for the past 28 years. She moved from Los Angeles to get away from the big city craziness and very much enjoys living in this historic desert town with great weather and location. Her hobbies include horses, golfing, camping, hiking and reading. Community activities have included membership in the Powerhouse Kiwanis and Kingman Area Chamber of Commerce. She is a past recipient of the Women Making History in Business Award. She frequently gives talks and posture screenings at schools, businesses and health fairs and writes a weekly Ask the Professionals column for the Kingman Daily Miner. Dr. Dorf specializes in rehabilitation and preventative health maintenance. She has a wellness approach to health care with the slogan "It's Easier to Stay Well Than To Get Well". She works diligently with her patients to relieve their symptoms and help them make positive lifestyle changes to maximize their health potential. Dr. Dorf has been certified in Acupuncture for pain control under the Arizona Chiropractic Board since 1997. Her passionate interest in Acupuncture and Oriental Medicine has led her to obtain a Master's degree from the Phoenix Institute of Herbal Medicine and Acupuncture. She is one of only a few licensed Acupuncturists in Mohave County. Oriental Medicine combines various therapeutic modalities and herbal formulas to treat many emotional and physical conditions. Dr. Dorf's unique approach to health care with the combination of chiropractic, Oriental Medicine, and physiotherapy with nutrition, exercise and lifestyle recommendations is very effective. We see great results with few treatments and encourage periodic maintenance tune-ups. Dr. Dorf is employed by KRMC Hospice as a licensed acupuncturist. This is a very meaningful and effective aspect of the mission of Hospice to provide comfort care and support. Dr. Dorf is very committed to this extension of her work and enjoys working with the wonderful Hospice staff. At Holistic Chiropractic & Rehabilitation we offer therapeutic massage, craniosacral and other techniques through New Beginnings Massage Therapy with Ali Ranney, LMT. We also do acupuncture facial rejuvenation.

Low Cost Spay/Neuter Clinic
1707 E. Andy Devine Ave., Kingman, AZ 86401

Women's Awareness Month

Low Cost Spay/Neuter Clinic is a veterinary office that provides vaccines, spay/neuter and other veterinary services to the community in Kingman, Arizona. Currently, the LCSN staff is comprised of 14 employees, 11 of which are women. Our female staff is a diverse group of women in terms of age and backgrounds that have one collective underlying thing in common, a passion for animals.

Kristin Friert, our marketing manager, has a large heart for all animals especially cats. She previously worked as a mortgage broker but has always dedicated her life to helping homeless cats through her dedicated efforts with LCSN as well as the Pet Angel Program. Over the years Kristin has worked tirelessly to transport over 4100 cats/dogs to surrounding local shelters and has sponsored over 800 surgeries to low-income households.

Feather McGuire, our lead receptionist, has worked with LCSN for over 2 years. She is a dedicated mother, an accomplished writer, and spends each day greeting our clients with an unending smile. A lover of pit bulls, she dedicates her free time to her beloved pets and is known by all for her compassionate and delicate demeanor.

Brittany Berry, a dedicated receptionist, has worked with LCSN for over a year. She is a proud mother of a 1 year old and has an eye for fashion. Many times when you get a late night callback, these are the lovely ladies who dedicate their nights to taking patient calls.

Barb Leidenberger, our lead technician, has over 17 years of experience in veterinary medicine, 9 of those dedicated to LCSN. Barb lives and breathes LCSN, and is known for her amazing cat wrangling skills, useful for our feral cat program, and her interest in dental health. She has extensive CE and training in veterinary dentistry and performs all our dental procedures at the clinic. She is the proud mother of three children, two of which work for the clinic and is known to be our Chihuahua whisperer.

Alexis Timm, a dedicated technician, has worked in veterinary medicine for 6 years, 2 of which have been at LCSN. Alexis is an accomplished rodeo queen with titles such as Andy Devine Days teen queen, Needles Rodeo Queen and also is an active barrel racer. She brightens up everyone's days with an enormous smile, and positive attitude.

Natisha Lopez, a veterinary assistant, joined our team just over a year ago. She has a love of Great Danes and made quite a transformation from a zookeeper and contractor, to the world of veterinary medicine. Natisha keeps our clinic running smoothly and has been a great addition to our team.

Maria Ortiz, is part time kennel technician who works part time while she attends Kingman High as a junior. She is a successful softball player and three time AAA American Power lifting Champion.

Kandy Berry, our Volunteer Coordinator and part time kennel technician, is the newest addition to our team. Kandy moved from Alaska 4 years ago and dedicates many hours of her day raising money for our foundation, training clinic volunteers, and keeping our clinic in efficient order. She may be the oldest on our team but definitely one of our wisest and spunkiest.

These women's hard work, passion for animals, and their altruistic responsibility to this community has contributed greatly to improving animal public health needs in northern Arizona.. LCSN could not do all it does without the hard work of these amazing women.

"The greater part of our happiness or misery depends on our dispositions and not on our circumstances. We carry the seeds of the one or the other about with us in our minds wherever we go."

 Registered Representative with JWC

I have been in the investment business for over 35 years. I have built my business by servicing individual investors, and providing personal service designed to help each client work towards and achieve their financial goals.

My career started in Buffalo, NY in the mid 1970's. I love the financial markets, and thrive on making my clients happy, even in these challenging markets. My #1 priority with EVERY client is to do a financial review, evaluate their expectations and help them work toward their financial goals. Krystal Burge, co-founder of Desert de Oro Foods, entered the Quick Service Restaurant business in 1982, when she and her brother became franchisees of Taco Bell. They moved to Kingman, Arizona to operate their first restaurant and began their successful restaurant careers. With one successful location, it wasn't long before the business began acquiring additional Taco Bell locations. Today, with more than 200 restaurants, Desert de Oro Foods is the largest Taco Bell franchisee in Arizona, and operates in six states. The company continues to expand across the Southwest with Taco Bell, Pizza Hut and KFC restaurants. Most recently, the company acquired more than 35 locations in San Antonio, Texas and plans to open more in that market in the coming years.

In 1996, Krystal and her brother decided to venture into the full service restaurant business with the purchase of the Dambar & Steakhouse in Kingman, Arizona. The following year they merged with Murphy's Restaurants Inc. and added Murphy's, the Gurley

Street Grill and The Prescott Office to their portfolio. These award-winning restaurants are located in Prescott, Arizona. In 2012, they acquired the Kingman Airport Café, Mattina's Ristorante Italiano and the Hualapai Mountain Resort in Kingman, Arizona. This brings 7 full-service restaurants to the family of Fork in the Road.

Even with more than 6,000 employees at many levels working throughout the company, Desert de Oro Foods strives to create a culture in which every single person is encouraged and empowered to do their best and achieve greatness.

Krystal can think of many reasons why her Taco Bell franchises have been so successful throughout the Southwest. In fact, she can think of more than 6,000 reasons – each and every one of their employees. "It's the people-based culture that's the most important part of our business," says Burge.

Krystal is very active in the Kingman community, currently serving as a Chairwoman on the Economic Tourism and Development Commission, KRMC Board Member, President of the KRMC Foundation Board, Past President of Soroptimist International of Kingman, President of the Kingman Airport Authority Board, Chair of St. John's Preschool Board, Chair of St. John's Church Council, Mission Bank Board Member, Past President and current board member of the Kingman Area Chamber of Commerce. Member of the Kingman Route 66 Association, Board of Directors for Cornerstone Mission and Chair of Women Making History. Krystal approaches her volunteer efforts with the same enthusiasm and dedication as she does anything she takes on as a project.

Women today

In the past, women were often referred to as the weaker sex. They were seen as overly emotional and were confined to their role as mistresses of the home, in charge of the childrearing and housekeeping but excluded from any real decision making. But today, the modern

woman occupies many roles, more than could ever be counted on one hand — she is a mother, friend, lover, partner, confidante, employee, boss, colleague, volunteer, and the list goes on.

Of course, with all that to manage, it's not all smooth sailing in a woman's world. There are

plenty of hurdles to jump every day: reconciling work-life balance; menstruation, pregnancy, nursing, and menopause; pressure to be skinny and free of body hair; competent in running a house; not to mention being there for her loved ones and searching for lost mittens. Yet being a woman also has its share of privileges and small pleasures that shouldn't be forgotten. Here are just a few:

I have been in real estate over 25 years in Kingman. I am a qualified SRES (Senior Real Estate Specialist.) Helping mature adults over 50 with the financial and emotional challenges they face when they sell their long held family home, are just downsizing or relocating with family.

I try to meet the need of mature clients with dignity. Buying or selling call me TODAY. (928) 279-8767 I can help. Call Sandy or Marla.

- Enjoying her femininity and sensuality: wearing stiletto heels, silky outfits, and sexy underwear; being proud of her curves and knowing how to show them off to advantage.

- Making the most of her beauty: trying out new looks with makeup and jewelry; treating herself to manicures and beauty treatments; adorning herself with sequins; and raving over a new shampoo that promises to make her hair even more beautiful, voluminous, and shiny.

- Playing at being a lady: having doors opened for her; being carried across the threshold by her husband on her wedding day; sitting on his shoulders to be able to see a live show; curling up lovingly against him on the couch.

- Expressing her emotions: being compassionate and not scared to admit her vulnerabilities; crying over a chic flick; dreaming of meeting the Right Guy.

- Experiencing motherhood: feeling life stirring within her; breastfeeding, kissing better little bumps and scrapes; and being on the receiving end of tons of unconditional love.
