Contributions to Qualifying Charitable Organizations

An individual income tax credit is available for contributions to Qualifying Charitable Organizations that provide assistance to residents of Arizona who receive Temporary Assistance of Needy Families (TANF) benefits, are low income residents of Arizona, or are children who have a chronic illness or physical disability. In addition, a Qualifying Charitable Organization may be considered a Qualifying Foster Care Charitable Organization if it meets additional criteria in serving qualified individuals.

Beginning with the 2016 tax year, donations to Qualifying Charitable Organizations and Qualifying Foster Care Charitable Organizations are claimed as separate credits with separate limitations for each. Also beginning in 2016, credit eligible contributions made to either type of organization that are made on or before the 15th day of the fourth month following the close of the taxable year, may be applied to either the current or the preceding taxable year and are considered to have been made on the last day of that taxable year.

For information on claiming the tax credit, visit www.azdor.gov/TaxCredits.aspx or call the Tax Payer Assistant at the Arizona Department of Revenue at 602-255-3381 or 800-352-4090.

The State Employee Charitable Campaign is not a tax advisor. As with any financial recommendation, contact a qualified tax professional for expert advice on your specific tax situation.
